

# Whobert Hat: pg. 1

How does one make a Whobert Hat and take on all of the great skills of the famous owl detective?

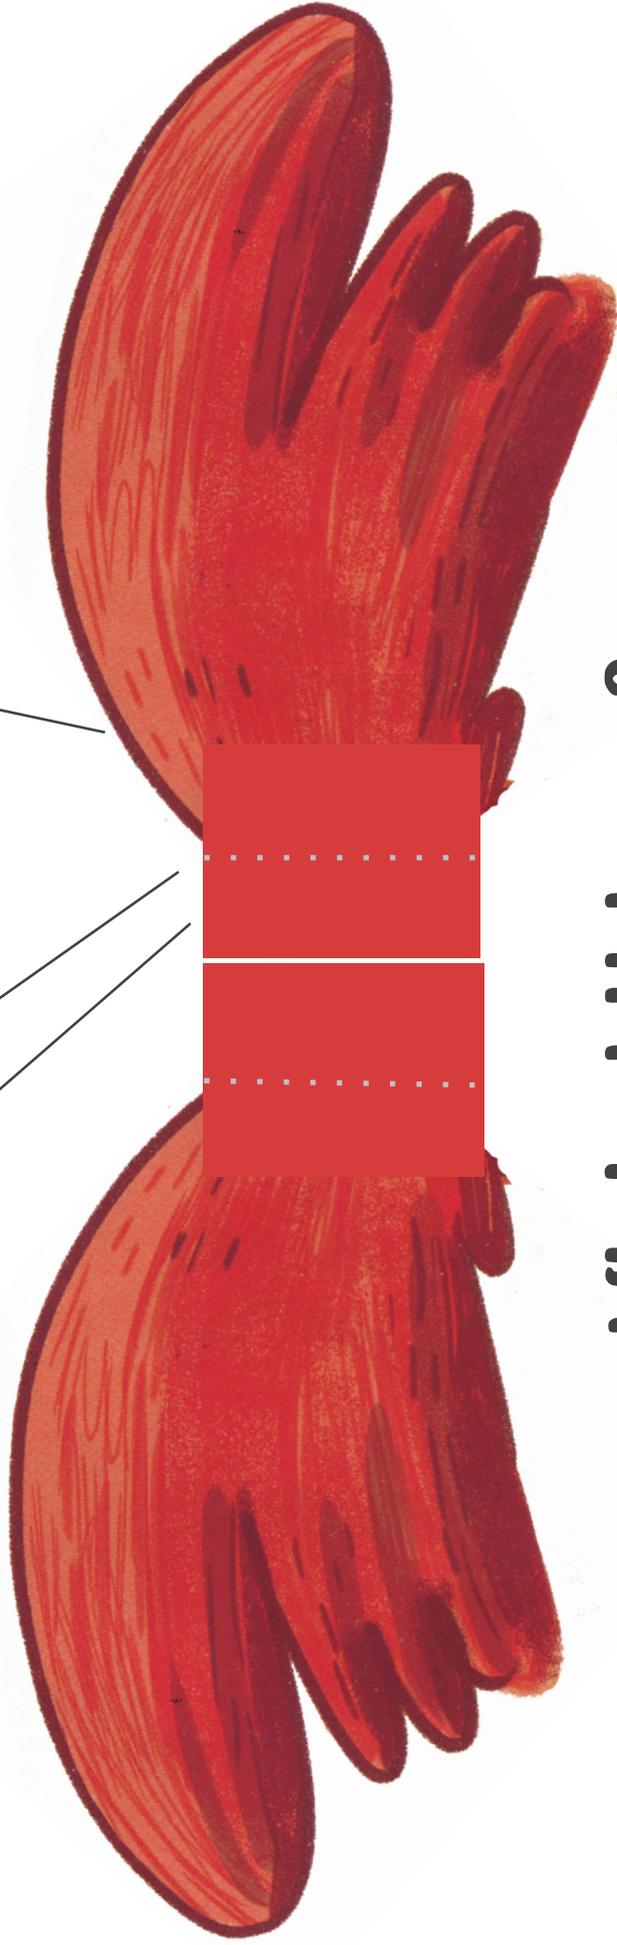

1. Cut out Whobert's head on pg. 1.
2. Cut out the 2 strips on pg. 2.
3. Join the strips into a circle. Secure the circle with tape. Adjust the circumference to fit your clever head. (Adults may need to add more paper for their bigger craniums.)
4. Attach Whobert's head to the front of the circle. (The back of the circle should display the words.)
5. Cut out the wings. Fold each wing's tab back on the dotted line.
6. Affix the tabs to each side of the circle.
7. Pop on your hat and start detecting!
